

Healthcare Merchant Certification

For Telemedicine and Telehealth Providers

Let the world know you operate safely and legally with LegitScript Certification for healthcare merchants.

Demonstrate your legitimacy to payment providers, search engines, and your customers by getting LegitScript-certified.

Healthcare merchant certification isn't just for pharmacies. It includes telemedicine and telehealth providers, and it's important to have in order to adhere to major credit card and search engine platform requirements. Without certification from a recognized entity like LegitScript, many banks, advertising programs, social media platforms, and e-commerce websites may terminate your account.

Recognized by:

mastercard

Google

Bing

GoodRx

Why Certification is Important to Your Business

Adhere to Credit Card Requirements

Visa and Mastercard require all telemedicine providers that process card-not-present transactions to be certified and monitored by an approved certification organization, such as LegitScript.

Participate in Online Advertising

Promote your business online. LegitScript Certification is recognized by major internet advertising platforms, including Google, Bing, and GoodRx.

Improve Your Regulatory Compliance

Operate under applicable laws and regulations. LegitScript's expertise helps applicants identify and correct inadvertent errors in compliance with applicable telemedicine and telehealth regulations.

Be Trusted by Patients

Let your patients know that you operate safely and legally. LegitScript's website verification tool is used by patients around the world to determine who they can trust.

Healthcare Merchant Certification
