Healthcare Broker Platform Certification

Let the world know that you operate safely and legally with LegitScript Healthcare Certification for broker platforms.

LegitScript Healthcare Merchant Certification provides a recognized stamp of approval for businesses that facilitate transactions for pharmacies. Our certification is recognized by Visa, Mastercard, Google, and Bing. Many banks, advertising programs, social media platforms, and e-commerce websites require certification from a recognized organization like LegitScript to support your merchant account.

Why get certified?

Adhere to Credit Card Requirements
Many card brands require businesses processing or facilitating card-not-present transactions for pharmacies to be certified and monitored by an approved organization, such as LegitScript.

Reduce Risk
Reduce the risk of expensive fines by ensuring that you and your partner pharmacies are properly licensed and operating under applicable laws and regulations. LegitScript helps applicants identify and correct inadvertent compliance errors.

Increase Revenue
Increase your revenue by partnering with a major payment service provider for payment processing. Many ISOs and payment facilitators refer healthcare companies to LegitScript for certification in order to be eligible for a merchant account.

Gain Partner Trust
Let doctors, pharmacies, manufacturers, patients, and others know that you operate safely and legally. LegitScript's website verification tool is used by patients and medical professionals around the world to determine who they can trust.

Participate in Online Advertising
Grow your exposure in the industry by promoting your company online. LegitScript Certification is recognized by internet advertising platforms, including Google and Bing.

Additional Information

- Pharmacy brokers applying for certification must also require all partner pharmacies to get LegitScript-certified. Depending on the size of your portfolio, partner pharmacies may qualify for custom pricing. Please contact us at **legitscript.com/contact** to learn more.

- Pharmacies already certified by NABP do not need to get re-certified by LegitScript.

- Healthcare broker platforms receive the classification of "probationary certification" so that they may immediately begin the certification process and continue to onboard pharmacies as needed.
